The Big Plastic Count. the UK's biggest ever investigation into household plastic waste, will be taking place over one week - 11-17 March 2024. If you would like to take part then you can download your digital pack here: <http://tinyurl.com/2trs68ts>. By taking part, you will build even more vital evidence about what really happens to our plastic waste. This will help to convince UK ministers, supermarkets and big brands to lead the way at global talks that could finally phase out plastic production for good. **There are some of the digital packs printed at the back of the Church.**
